

PH-M30-Y

ALPHATEC® 3000 Chemical Coverall

Features

MICROCHEM® 3000 is one of the lightest and most comfortable chemical protective materials on the market today. This durable multi-layer fabric provides an extremely effective barrier against both inorganic chemicals and biological hazards.

- Excellent liquid penetration resistance and barrier to fine particulates (>0.01 microns*)
 - Moisture vapour permeable to help reduce the risk of heat stress
 - Critical in paint spraying applications
 - Low linting - Reduces the risk of fibre contamination in some critical areas
- Anti-static - Tested according to EN 1149-5

Details

Sizes: S, M, L, XL, 2XL, 3XL | **Colour:** Yellow | **Applications:** chemical handling, oil and petrochemical industries, caustic cleaning, sewage purification installations, industrial tank cleaning and mining. | **Protections:** Type 3, Type 4, Type 5 plus protection against infective agents, radioactive particulates, antistatic
Seam technology: Ultrasonically welded seams

PROPERTIES

- 2-piece hood & double zipper
- Elasticated hood, waist, wrists & ankles

TYPE 3-B

TYPE 4-B

TYPE 5-B
